SOCIALISTS IN CONVENTION

MORRIS HILQUITT TO BE PRINCIPAL SPEAKER; DEBS, THE JAIL BIRD, SLATED FOR THE PRESIDENCY.

By the Associated Press

NEW YORK, May 8.—The 1920 presidential campaign of the socialist party of America opened today with the assembly of 200 delegates from all parts of the country for the first political convention of the year. Today's program called for a "keynote" address, probably by Morris Hilquitt, and appointment of vote tellers and judges, a sergeant at arms, a convention secretary and minor officials.

Formulation of the party platform in which there is exceptionally keen interest this year, will be begun next week. The nominations for president and vice-president, it is expected, will not be made until near the close of the convention, probably Friday, but it appears to be virtually the unanimous opinion of the party leaders that Eugene V. Debs, now serving a ten year term in the penitentiary at Atlanta, Ga., for violation of the espionage act, will be named to head the ticket.

NEW YORK, May 8.—An attack "unparalleled in ferocity and lawlessness" in the last year made by "all the powers of darkness and oppression in the country."

He said the last three years had furnished the most striking and abhorrent proof of the fallacy of the "good man" theory in politics.

"If there remains any large sections of workers who put their trust in old party messiahs," he said, "Woodrow Wilson would have destroyed their native faith, for he remembered that in 1916 Woodrow Wilson ran as a radical. He promised socialism through the shortage of radicals throughout the country who voted for him rather than throw away their vote on the hopeless candidate of the socialist party."

Heavy Damages For Personal Injury Asked By Plaintiff

A damage suit for personal injuries was filed in district court yesterday by A. E. Atwood against the M. O. & G. Railway company. Plaintiff asks for \$45,000. He is represented by S. P. Jones and E. N. Jones.

In his petition plaintiff states that he was a brakeman on the defendant railway when his injuries were received. In attempting to "scotch" a freight car at Muskogee his hand was caught beneath the iron bolt he was using as a "scotch," injuring his hand so severely that amputation was necessary. He alleges that he has undergone several severe surgical operations and that his earnings power has been destroyed. At the time of the accident he was earning \$175 per month. Wherefore he asks judgment against the company for \$45,000.

KANSAS FARMERS OPPOSE REMOVAL OF ADMINISTRATOR

By the Associated Press

TOPEKA, Kans., May 8.—With 22,000,000 bushels of wheat piled up in the granaries and elevators, Kansas farmers generally have gone on record against the automatic removal of wheat prices from governmental control on June 1, according to J. C. Mohler, secretary of the state board of agriculture. These organizations were represented today at the conference in Chicago called by Julius H. Barnes, head of the United States Grain corporation. Kansas farmers contend that the only reason they have not marketed their wheat was because cars were not available. The fear is expressed that in case federal control is removed, the wheat market, which is now considerable above the federal guaranteed price, would be manipulated in such a way as to cause a slump in the prices.

"Practically every farm organization in the state, including the state board of agriculture, has adopted resolutions opposing the removal of federal control of wheat prices until the 1919 crop is fully marketed," said J. C. Mohler, secretary of the state board of agriculture, who was invited to attend the Chicago meeting. "Mr. Barnes points out in his communication that while there is no recognized collusion between great grain buyers at present to regulate the price, it is recognized that the heavy buyers now are the purchasers for foreign countries—a half a dozen of them. Should they determine to cut the price they were willing to pay, it might have a decidedly unpleasant effect on the market—from the standpoint of the producers."

MAKE DEMAND ON GRUNAU

PUBLICITY CHAIRMAN OF ASSOCIATION TELLS OFFICIAL HEAD TO "COME OUT IN THE OPEN"

By the Associated Press

CHICAGO, May 8.—A demand that John Grunau, head of the Chicago Yardman's association, inform striking switchmen how they can yet have their seniority rights restored, was made public in a letter sent to Grunau by R. F. Murphy, publicity chairman of the association.

"We all know that the roads have recalled their proposition which has been in the possession of all the switchmen on vacation and are hiring great numbers of new men to man the yards," reads the letter. "We also know the yards are operating fairly well under the circumstances, but the question is, how can the seniority rights of the men who have followed the C. Y. A. be restored?"

"Come out from under cover and say something definite, one way or the other."

KIEV IS CAPTURED FROM BOLSHIEVKS

By the Associated Press

LONDON, May 8.—Polish and Ukrainian troops captured Kiev on Thursday night, according to an official statement issued at Moscow yesterday and received here today by wireless. Kiev, a city of two hundred and fifty thousand, or more, population before the war is the capital of the Ukraine. The town has changed hands several times in the fighting between contending groups in the Ukraine and the conflict between the Denekine forces and the Bolsheviks. The latter has been in possession of it since December, taking the city on the collapse of the Denekine army in southern Russia. Kiev, in addition to its importance to the Ukraine as its chief city, has also been looked upon from the entente side as a valuable outpost against the advance of Bolshevism along the extended line between the Baltic and Black seas.

Former Citizen of Storm Swept Town Now Living In Ada

Willie Davis, an employee of the cement company in Ada, called at the Evening News office this afternoon to leave his contribution for the storm sufferers at Peggs. Mr. Davis formerly lived at Peggs and was well acquainted with practically every victim of last Sunday night's tornado. He says that the village of Peggs stood at the edge of a prairie on a high eminence that could be seen for miles around. A letter to Mrs. Davis from a relative near Peggs states that only one house is left standing in the village. The population of Peggs was estimated at 250, and of these more than 200 were killed or wounded by the storm.

While living in Peggs Mr. Davis had charge of the telephone system of that town. He came to Ada something more than two years ago and has since coming here been employed by the cement company.

Stonewall School Closes Year's Work With Usual Program

The Stonewall school closed its years work yesterday with the usual commencement program by the pupils Friday. Last night the commencement address was delivered by Luther Harrison of Ada. No graduating exercises for high school students were held this year. It was decided to add the twelfth year to the course of study and not graduate the eleventh grade students as had originally been contemplated. The addition of the twelfth year to the course of study will place the Stonewall high school in the class with the best high schools of the state.

Wheat Reduction Less.
WASHINGTON, May 8.—Winter wheat production this year was forecast at 487,647,000 bushels, or 33.8 per cent less than last year's crop, by the department of agriculture today. The condition of the crop May 1st was 79.1 per cent of a normal crop, compared with 75.6 per cent on April 1st this year, 100.5 per cent on May 1st last year and 87.1 per cent on the ten year May 1st average.

HIRAM JOHNSON SAYS HOOVER TALKED ONE THING LAST YEAR AND IS TALKING ANOTHER NOW

By the Associated Press

WASHINGTON, May 8.—Senator Johnson today replied to Herbert Hoover's query of yesterday, as to the senator's position on the League of Nations. He said:

"The league presented to the senate by the president, which Mr. Hoover advocated last year neither promotes peace nor reduces armaments. During Mr. Hoover's advocacy of this league he mentioned reservation. On the contrary the tenor of his speech was in direct opposition to any reservation. 'With his candidacy came his change of heart and for the first time we find him a candidate, never before, favoring reservation.' Mr. Hoover from apparent opposition to the reservation now embraces the opportunity to 'break the heart of the world' and 'cut the heart out of the covenant.' I have consistently opposed the pact as presented and with the reservation attached. I would welcome, of course, any real attempt to promote peace and prevent war."

"Mr. Hoover last year had one view; this year he has another, as time progresses and various nominations present themselves we may look for other views as well."

Bruce Maurice, the man who shot himself in North Ada yesterday, is reported to be about the same today as yesterday.

M'ALESTER NOW AT MERCY OF EDITORS

By News' Special Service:

McALESTER, Okla., May 8.—This city was host today to 300 editors of Oklahoma, members of the Oklahoma Press Association, in annual convention. Burrus Jenkins, editor of the Kansas City Post, made the principal address of the day. Following the business session of this morning, the members of the association and their wives were taken to the state penitentiary, near here, in automobiles furnished by the commercial club, where they were the guests of the warden and given the regular prison fare for lunch. At the conclusion of the lunch the visitors were shown over the more than 1,000 acres of the prison farm and through the prison proper. At 4 o'clock the editors were brought back to the city to witness the monster pageant, "Oklahoma," under the auspices of the Fortnightly Club, a spectacle which required 400 actors to stage.

At 8 o'clock the editors became the guests of the commercial club for the annual banquet, staged this year along the lines of the famous Gridiron banquet of the newspaper men in Washington each year, with Oklahoma's public officials as the "goats" of the editors. McAlester is outdoing itself in this convention in order to give the visitors a chance to say many nice things about the city in the contest which takes place following the meeting. A car of coal is offered by the Booster Club for the best best article on McAlester.

BRITAIN GETS TRADE AS USUAL

FRENCH MERCHANTS SAY AMERICANS AND FRENCH HAVE SLEPT ON THEIR RIGHTS

By the Associated Press

PARIS, May 8.—That Great Britain has stolen a wide march on the United States and France in the resumption of business relations with Germany, is the contention expressed by French merchants, who have tried to buy goods across the Rhine. The great majority of cases, the merchants report, the German manufacturer replies to inquiries, that his plant will be tied up for a long time by contract with British customers. An investigation made on the report is said to have developed the fact that the British are exporting great quantities of raw material to Germany for which they are asking no payment in money, but are taking manufactured articles in exchange.

Must Be Given Hearing.

By the Associated Press

BERLIN, May 8.—German delegates to the Spa conference will refuse to attend the meeting if not assured they will be given a hearing, said Dr. Zirth, minister of finance, speaking in Dresden yesterday, according to the North German Zeitung. They will be prepared to lay the true state of affairs before allied representatives he declared, and will be able to demonstrate that the economic position of the continent depends upon that of Germany.

BIG INCREASE IN DEPOSITS

BANKS SHOW THAT CONDITION OF PONTOTOC COUNTY FINANCIALLY IS BEST IN ITS HISTORY.

If bank deposits are an indication of the condition of the country, Pontotoc county and Ada are in the best condition in their history. For the bank deposits for the four banks in Ada during the past year show the greatest increase ever known here.

A year ago, or May 4, 1920; the four banks of Ada had on deposit \$2,257,405.92. On May 4th this year, the date of the last call for statements, the four banks had on deposit \$4,082,737.81. This is a gain of \$1,815,331.89.

The greatest gain made is that of the Merchants and Planters National bank, this institution growing in deposits more than \$700,000.00. The Oklahoma State ranks second in gain, with the First National third and the Guaranty State fourth.

TOY WHITE LOSES TO "KID" KAPPELLE

Last night at the carnival athletic show Toy White of this city was defeated in a 15 minute wrestling bout by "Kid" Kappelle, White being counted out on account of shortage of wind.

Tom Fleming, the show's wrestler, was defeated by "Kid" Curly in this city in a 15 minute bout.

Tonight "Kid" Kappelle and Toy White fight a 5 round bout, also "Kid" Curly meets Tom Fleming in a wrestle to the finish.

Local fight fans are very enthusiastic over the outcome of the bouts and from all reports this program promises to be one of the best that has ever been staged in Ada.

KELLOGG SAYS TOO MUCH USE TAKES SUPPLY

By the Associated Press

HUTCHINSON, Kas., May 7.—Although in the last twelve months the total output of paper mills has been 80,000 tons less than consumption, strictly speaking, there has been no shortage of production—the trouble was increased consumption, R. S. Kellogg of the News Print Service bureau, New York, who is a product of Russell county, Kansas, told Kansas editors today in an address before the annual convention of the State Editorial Association here. The mills have been producing more than ever before in the history of the industry. He continued:

"Newspaper advertising in 1919 was 40 per cent more in volume than in 1913, and it is starting off in 1920 some 38 per cent in excess of the amount during the first quarter of 1919. Advertising experts insist that there is a large volume ahead. In fact, the enthusiastic publicity man seems to be governed entirely by the slogan:

"Late to bed and early to rise; 'Work like h— and advertise.' 'If he has his way the demand for news print paper will continue to press closely upon production.'"

Mr. Kellogg said the news print production of the mills in the United States and Canada was an increase of 185,000 tons over that of 1918; that new machinery installed this year is capable of making the 1920 increase over 1919, 30,000 tons, and that, considering present plans for enlarging the industry, by 1922 the supply should be sufficient to take care of the demand. The total output this year should be about 2,400,000 tons or ten per cent more than in 1919.

As to the extent to which newspapers use print paper, Mr. Kellogg furnished some interesting data.

In 1880 the newspapers used 3 pounds per capita; in 1894, nine pounds; and in 1913, thirty-three pounds. At the present rate, this year's consumption will reach thirty-five pounds per capita.

Average daily circulation of papers in the United States is twenty-seven million copies, or one for every family.

Sixty newspapers have in excess of one hundred million circulation, these papers averaging twenty-three pages on week days and eighty-one pages on Sunday editions.

Last year's production of news print paper would cover ten million acres. In the form of standard "73" rolls it would unwind thirteen million miles.

\$40,000 HOME TO BE BUILT

F. P. LIEUALLEN COMING BACK TO ADA TO LIVE; LOT SECURED IN BARRINGER HEIGHTS.

F. P. Lieuallen is coming back to Ada to make his home and purchased a lot this week in Barringer Heights on which to build. Mr. Lieuallen is in Fort Worth, Texas, at present rounding his business into shape to move to Ada. He is expected to arrive here about May 10th.

Mr. Lieuallen will build a residence in Barringer Heights and has purchased a lot adjoining the home of Judge L. M. King. The residence will be one of the finest in Oklahoma and is to cost more than \$40,000. It is expected that it will be ready for occupancy by early fall.

Mr. Lieuallen is one of the strongest boosters that Ada has. His long residence here convinced him of the high citizenship making up this city and he is coming back to make his permanent home among them. He is one of the heavy stockholders of the Skelly Oil company and has made a success in operations in Texas.

The people of Ada will delight to have Mr. Lieuallen and his family make their home here again.

Another Ada Boy to Stratford.

John Paul Carson, for some months manager of the MacThwaite Gas company of Ada, has resigned his place with that company and on May 15th will go to Stratford to take a position with the First National bank of that place.

Mr. Carson came to Ada about three years ago from Allen. He first worked in the M. & P. bank and later in the Guaranty State. Then he went with the gas company where he has been for some time. Paul is one of the best young business men in Ada, with a talent for the banking business and his friends are glad to see him succeeding in his chosen profession.

Allen Marshal Is Restored To Office By Court Decision

The case of Jim Story against the trustees of the town of Allen came up for hearing in the chambers of the district judge yesterday afternoon. It seems that at the last regular election Story was elected marshal of Allen and served as such for some time. Recently, however, the trustees removed Story from office and appointed Tom Garrett in his place. Story took the matter into the district court, asking to be reinstated in office. The court decided that the law under which Story was removed was unconstitutional for the reason that it provides no appeal from the action of the trustees. Story is therefore reinstated in office. He was represented at the hearing yesterday by Winbush & Duncan, while W. A. DeLaney appeared for the trustees.

Child Bride Files Suit In Court To Annul Marriage

Suit to annul a marriage performed in Ada three days ago was filed in district court today. The plaintiff is Emma Driver by her mother, Mrs. Bise.

Plaintiff alleges that she went thru the marriage ceremony with Homer Driver in the city of Ada on or about Thursday of this week. That the license for such purported marriage was applied for by Mrs. Lizzie Driver, the mother of Homer, who stated under oath that both Homer Driver and Emma Newton were eighteen years of age, when as a matter of fact, the bride was and is now only fifteen years old. Wherefore plaintiff alleges that a fraud was perpetrated on the office of the court clerk and that the marriage for that reason was illegal.

Plaintiff prays that the marriage be annulled, and that the said Homer Driver be required to pay \$50 as costs of this action and \$50 as attorney's fees. Plaintiff also asks for the restoration of her maiden name, Emma Newton. She is represented by H. F. Mathis.

Posses After Clark.

Some Comparisons
Comparisons are said to be odious, but nevertheless it is sometimes a splendid thing for the business men and the loyal citizens of Oklahoma to know something about their state, in comparison with other states, in order that they may be able to speak intelligently of its resources and of the value of the opportunities that it offers to those desiring to locate within its boundaries. For this reason the following facts and comparisons are submitted to show some of the advantages that Oklahoma offers to the homeseeker.

Iowa's plow land, according to the Monthly Crop Reporter, issued by the U. S. Department of Agriculture ranges in value from an average of \$157.00 for its poorest plow land to an average of \$257.00 per acre for its best. Oklahoma's plow land ranges in value from \$30.00 per acre for the poorest to \$63.00 for the best grades. Yet in 1919, Oklahoma's plow lands, with average valuations only 1-5 to 1-4 as high, produced 12 field crops with a value per acre of only \$2.70 less than Iowa's acre value for its 12 leading field crops. And Oklahoma oats made 35 cents per acre more than Iowa's.

Oklahoma is practically the same size as Missouri, each state having an area of approximately 70,000 square miles. The borders of the two states touch and they grow the same crops. Missouri is almost 100 years old while Oklahoma is only a little more than twelve years old—not yet in her teens. Missouri's plow land ranges in value from an average of \$60.00 for the poorest to an average of \$110.00 for the best. The value of Oklahoma's 12 leading field crops in 1919 exceeds the acre value of Missouri's 12 leading field crops by \$7.38. Oklahoma exceeds Missouri in the value of Oats \$3.39; wheat, 48 cents; rye, \$3.00; tame hay, \$6.90; potatoes, \$26.00; sweet potatoes, \$21.52. In 1919 Missouri ranked 8th in value of all crops, with a total of \$549,105,000.00 Oklahoma ranked tenth with a total of \$522,565,000.00.

In the race for agricultural supremacy, Oklahoma, the hustling, inexperienced 12-year old kid, is right at the heels of "Grand Old Missouri."

FIRST OKLAHOMA JURY OF WOMEN AT SULPHUR

The first woman jury that ever sat in Oklahoma, was empaneled in Justice Collin's court at the City Hall last Tuesday, in a case where J. T. Davis sued Mr. and Mrs. Paul Riall on account. Twelve ladies of Sulphur, all of the prominent society women, were summoned to the city hall, and with but one notable exception every woman responded, some with humor lit in their faces, others with much trepidation. The twelve summoned were: Mesdames A. C. Cole, C. P. Singletary, N. L. Bennet, J. A. Long, H. W. Fielding, A. H. East, J. A. Adams, Ralph Rawlings, Edna Swearingen and Misses Myrtle Masters and Maud Berridge and Lena Corley. After the challenges had been exhausted by the attorneys in the case, Ralph Rawling, for the defendant, and Holmes Colbert, for the plaintiff, the following were duly sworn in as qualified jurors: Mesdames H. W. Fielding, A. C. Cole, C. P. Singletary, N. L. Bennet, Edna Swearingen and Miss Maud Berridge.

Attorney Colbert threw the jury into consternation when he asked two very pointed questions on their qualifications. The first question, "How old are you?" This first question was asked a single lady, and she blushing replied, "I am over 21." The next co-respondent said "I am over 21," and each married lady replied, "I, too, am over 21." The second question caused worry in the faces of the married ladies. Attorney Colbert asked, "In this case where a man is suing a woman, would you believe the word of a woman over the word of a man?" The ladies all replied, they would give proper weight to all the testimony and would not, because they were women, give a woman any benefit thereby, which was a plausible and sensible answer, which the attorney for the man accepted. The attitude of the ladies toward the pointed questions and the procedure of law, all of which was new experience to them was very flattering for the cause of woman's right, for each proved to be an intelligent and clear thinking juror. They are indeed, to be complimented for their quick perception and catching on to court procedure.

In a game of baseball played on the High School grounds Friday afternoon between Tishomingo and Ada, the visitors won, with a score of 7 to 1. It is planned to play Ardmore on the local grounds next Friday.

EAST IS EAST AND WEST IS WEST SAYS KANSAN

By the Associated Press
HUTCHINSON, Kans., May 8.—The contest pending at Washington between eastern and western states in the manner of the distribution of the federal aid for highway construction is of particular interest to Kansas. M. C. Markham, secretary of the Kansas Highway commission, said today in an address before the Kansas State Editorial association here. The western states are a unit in retaining the present system of distribution of the federal aid which permits road building in all counties while many of the eastern states are urging congress to appropriate the federal aid funds on national highway systems—one or more single highways through a state.

"The eastern state flavor the national highway system because they have perfected their state highway systems much more than the western states have," said Mr. Markham. "They have done that largely through state aid distributed for permanent highway construction." Mr. Markham mentioned that he will leave tomorrow for Washington to appear before the joint congressional committee on roads in the endeavor to have congress provide the federal aid funds for state highway systems instead of national highways. He urged the editors to get behind the state aid plan in Kansas as planned in the constitutional amendment to be voted on at the next election.

ROAD OF TREES COAST TO COAST FOR ROOSEVELT

By the Associated Press
NEW YORK, May 8.—A Roosevelt Road of Remembrance, planted with memorial trees from ocean to ocean, would be the greatest of all memorials that could be erected in honor of the former president, declared Charles Lathrop Pack, president of the American Forestry Association, of Washington, in an address at Flushing today. Mr. Pack spoke at a memorial tree planting in memory of Theodore Roosevelt

and Quentin Roosevelt. Two white oaks that have been registered on the Association's honor roll were dedicated.

"In a Roosevelt Road of Remembrance," said Mr. Pack, "every citizen of the United States would have a part and no finer memorial could be erected than such a memorial highway. As never before the United States needs a great outstanding lesson in forest conservation for this country today faces one of its gravest problems; the perpetuation of its great natural resource the forests."

"Millions are to be spent on improved highways that the producer and consumer may be brought closer together. Let us beautify these highways in the building. Let us keep the message Theodore Roosevelt gave us alive. That message was that national prosperity and well being is dependent upon a nation's forests. With such a memorial, arousing the whole nation as it surely would for each would have

40—HEAD—40

We have spent a number of years in building up our herd and this is the best offering that we have ever produced.

In this draft are nineteen cows with calves at foot, many of them bred, making a three-in-one proposition.

The four Bulls in the offering are real herd headers; and are of the kind that we would pick to head a herd of select females.

Make arrangements to make the entire circuit. Special Pullman service.

SOCIAL UNREST GROWS IN JAPAN

By the Associated Press

TOKIO, May 8.—Kanae Ikeda, director of the Middle School of Kure suddenly disappeared a few weeks ago leaving a letter stating that he was dissatisfied with the recent state of social affairs and determined to lead a hermit's life. Now he has been discovered in a famous Buddhist monastery leading the life of a monk.

This is an incident showing the spread of the social unrest in Japan. The old national mentality has greatly been modified since the war and the authorities find it hard to recruit sufficient officers for both the navy and army as well as officials for the diplomatic and consular services. Commercial careers now appeal more to young Japanese.

HOTEL FOR BOYS MANAGED BY BOYS IS PLAN OF BROWN

By the Associated Press

CHICAGO, Ill., May 8.—The stray boy who for dinner flattens his nose against the bakery window and who at night sleeps with grown-up tramps in the park or in the back alley shed, will come upon better days if the plan of George W. Brown, of Chicago works out.

A hotel for boys, to be operated so far as feasible by boys, and fitted up in a way to attract the youngster who finds himself in vast Chicago temporarily or permanently without a home, is the idea of Mr. Brown, who for a decade has given most of his time to volunteer work among homeless boys. His work has brought him in touch with juvenile court officials in many cities and he has enlisted their support in his efforts to obtain a "transient hotel for boys" between the ages of 14 and 17. Joseph Tumulty, the president's secretary, a schoolmate of Mr.

PNEUMONIA LEFT BOY WEAK AND SICKLY

Parents Were Almost Hopeless
But He Is Now Well and Strong.

"Our little boy's health was so poor we were afraid we were going to lose him. He is 10 years old, and has had weak lungs ever since he was eight months old, caused by pneumonia. We have been very careful with him and doctored him continually, but we had almost despaired of ever having a strong well boy."

"But since giving him Milks Emulsion all his trouble is gone, and he is in perfect health."—Mrs. G. W. Smiley, 21 Maple St., Dayton, O.

For restoring appetite, health and strength in sickly children, mothers will find Milks Emulsion the thing they have always sought. Most children like to take it, because unlike many emulsions and tonics, it really tastes good.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results your money will be promptly refunded. Price 60¢ and \$1.20 per bottle. The Milk Emulsion Co., Terre Haute, Ind. Milk Emulsion is sold by druggists everywhere.

GWIN & MAYS

Brown has lent his aid to some of Mr. Brown's boy betterment schemes.

"The Y. M. C. A. conducts in Chicago, a transient hotel for men, a high skyscraper, calculated to give its tenants clean surroundings, morally and physically, but homeless boys under 17, hundreds of whom drift into Chicago every week, may rely on the dangerous expedient of seeking a rooming house, or, if without funds may sleep behind ash barrels," Mr. Brown said today. "I have housed

scores of these boys in my own home until jobs and recurrent pay-days lifted them off the rocks, and I know what even a few days of decent surroundings can do for them. "The large and properly conducted hotel for which we are working, and which will not be a 'Boys Home,' will be equipped to do for thousands and thousands of kids what my feeble efforts have accomplished for a few hundred."

THE WILL O' THE WISP

Over the country from ocean to ocean is a loud and vociferous army of publicists declaring that Bryan will march into the national convention at San Francisco like a Roman emperor returning in triumph along the Appian way. Waving his hand like the wand of some fabled magician the Nebraska rhetorician is expected to soothe to deepest sleep the better judgment of all convention delegates and lead them through every labyrinth of political manipulation. "Gerard will be nominated for Bryan will support him," "Owen will have Bryan's powerful assistance" is the pass word of men who magnify a well-advertised name but have little knowledge of convention history.

Not since Bryan crucified the Democratic party on a cross of gold nearly a quarter of a century ago has Bryan dominated a Democratic convention. Those familiar with the St. Louis convention of 1904 will recall that in that tempestuous assemblage Bryan flirted with the candidacy of every possible winner and finally supported Cockrell of Missouri, who received only a few dozen votes. And there are men who sat in the Baltimore convention in 1912 who know that Bryan wanted the convention to adjourn without naming a candidate and leave the matter to a nation-wide primary in which he himself was to be a candidate. Those men recall that it was the Illinois delegation led by Roger Sullivan that gave the first resemblance of a stampede to the Wilson column and that it was Murphy of Tammany Hall who cast the vote giving Wilson the necessary two-thirds vote.

Of course the commoner will enter the convention with the majestic air that made Roscoe Conkling famous. He will spring many unexpected surprises and participate in many spectacular debates. He will rid his system of that accumulation of metaphors that he has been assembling since the Baltimore convention adjourned eight years ago. But the delegates from forty eight states and our insular possessions will pay no more heed to his panegyrics than did the millions of American voters in three presidential campaigns.

THE FACTS IN THE CASE

Next Tuesday a school election is to be held in the city of Ada. At that election two propositions will be submitted to the will of the voters. The first proposition is whether or not the voters will endorse a bond issue of \$75,000 to build a new ward school building in the city. The second proposition is whether or not the voters will sustain an additional tax levy of ten mills to support the city schools during the next school year.

The only question to be asked concerning the first proposition is if an additional school building is needed. Scholastic figures will answer this question in the affirmative. We have at least five hundred children of school age in the city who have not attended school a day this year. The enforcement of the compulsory school law would force these children into school, but at the same time it would force 500 other pupils out of school. Every room in our city schools is full and to accommodate 500 additional pupils would necessitate the introduction of half day periods, and thereby turn loose in the streets for half the time, 500 pupils who are now in school because they want to attend school and because their parents want them to attend school.

As to the additional levy, it is well known that without

this additional revenue we cannot have a nine-months term of school next year. To be a first class city and to perform a solemn duty to our city and to our children we must have as long a term of school as any other city of our class. We would become the laughing stock of the country otherwise. You may possibly have a chance some day to render a greater service than to sanction this additional levy. It is certain you will never have an opportunity to strike the city a harder blow than by defeating the levy.

The State Press

Tulsa Tribune: The weather expert's responsibilities do not diminish with the coming of spring. He now has the fruit grower and the baseball fan to reckon with, not to speak of the fellow whose coal pile is reduced to a shadow.

Vinita Journal: P. B. Vandament, state committeeman for this county, was in the city Tuesday on his way back to Welch. He had been attending the state Republican committee meeting at Oklahoma City. Mr. Vandament runs an independent newspaper, but he likes to take a personal hand in politics.

Shawnee News: Now they are saying the Old Guard of the republican party is against Johnston and will spring Lowden on the convention. All of which goes to show about how much the will of the people is considered by the great party of pelf and power.

REPRESENTATIVES SHOULD BE NAMED SAYS FILIPPINO

By the Associated Press

COLUMBIA, Mo., May 8. — Appointment of representatives of the American people to discuss the "final terms of independence" with representatives of the Philippine people was asked by Jose P. Melencio, here tonight, speaking during journalism week at the University of Missouri. Mr. Melencio appeared in behalf of the Philippine Press bureau at Washington.

The aspirations of the Philippine people was the theme of Mr. Melencio's address. He declared that they were pressing for independence and becoming impatient.

"We now number 10,500,000 people, belonging to one race, united by a strong spirit of nationalism, with property evenly divided, with finances in splendid shape, and with a per capita debt of less than \$1.50," said Mr. Melencio. "The machinery of the government is entirely in our hands. The percentage of literacy is 70 per cent, which is higher than in almost all of the republics of South America, higher than in any of the countries whose independence has recently been recognized by the allied and associated powers."

"Simultaneously with our material and intellectual progress has been the strengthening of our nationalistic spirit. Self determination, independence, has become the vital religion of the people. We can never hope to be a vigorous race if we will ever lean on the mighty arm of America."

Mr. Melencio then took up the opposition found and objections against the plea for independence. He declared that the opposition came from sources unknown. "Invisible influences," he said, "have always obstructed the well ordered intention of the American people as regards the Philippine Islands."

The days of head hunting, he said, were gone. The mountain tribes as well as the Moros of Mindanao are fast being won over to the ways of civilization, he said, and like all the rest of the Philippines, they were playing baseball and tennis and sending their children to school. "In our plea for independence we have never asked America to underwrite our future commonwealth," declared Mr. Melencio. "We are willing to accept independence in any form. If America desires to exercise a protectorate over us, it will be insanity, of course, to refuse it, but the Philippine people will also be satisfied with an independence under the league of nations, or under a treaty of neutrality guaranteed by the big powers, or independence complete and absolute."

"There are millions to shoulder all the responsibility and take all the chances attendant upon their being an independent nation."

"We do not know but that America has interests in the East which she wants considered along with our freedom. The Philippines are willing to agree to such concessions and privileges which America might ask that are not inimical to our welfare."

"We realize that we owe much to America for what we and our country are today. And it is not selfish, much less unreasonable, for Americans to insist that any arrangements concerning our future status should definitely safeguard the needs of America's commerce."

Capitals Fall.

By the Associated Press

EL PASO, May 8.—Three state capitals in Mexico fell into the hands of the revolutionists today through the revolt of Carranza's government, coincidentally with an unconfirmed report given out by revolutionists here, that Mexico City, capital of the republic, had been taken by General Benjamin Hill.

The message from Chihuahua said, "It has been confirmed that President Carranza left the capital for Vera Cruz."

Attacking Mexico City. AGUA PRIETA, May 8.—General Calles, commander of the troops in Northern Sonora, stated to the Associated Press today that he had just received a telegram from Torreon informing him of a revolutionary attack being made in the suburbs of Mexico City. He expressed no surprise at reports that the capital had fallen.

Who Is This Man?

Who is this man? Now, you think you know him, don't you? But you are altogether wrong. We will agree that he looks like McKeown, and smiles like McKeown, and walks like McKeown, and talks like him, and as bald on the forehead, but he isn't McKeown at all.

But the gentleman whose photo is shown above is certainly Tom McKeown's double if any man ever had a double. The only thing to keep you from thinking he is the Congressman himself is that the gentleman of the picture is just a "leetle" taller than the popular congressman.

The name of Mr. McKeown's double is P. C. Miller and he lives in Ardmore. Mr. Miller is a traveling salesman for the Shapleigh Hardware company of St. Louis. He comes to Ada every Friday and has been "making" this city for years. Mr. Miller and Congressman McKeown are great personal friends. When you see Mr. Miller on the street don't say "Hello, Tom," for he isn't McKeown at all.

Prince at Wewoka.

Deslie Prince, until recently cashier of the Merchants & Planters bank at Ada, arrived in Wewoka Friday afternoon and assumed the cashiership and management of the First Guaranty bank of this city Saturday morning, May 1. By virtue of his past business connections in this county Mr. Prince is by no means a stranger to our people. He has many warm personal friends here who are delighted to have him become a permanent fixture among us. He has purchased an interest in the First Guaranty and will, therefore, have the welfare of the town and the future development of the county at heart. He expresses the sincere wish that all old customers of the bank call and get acquainted along with as many new ones as possible, assuring them of every courtesy and accommodation that he is able to render.—Wewoka Capital-Democrat.

THREE WOMEN DO THE WORK AND A MERE MAN PAYS

The star—a woman.
The author—a woman.
The director—a woman.
The financier—a mere man.
And there you have the combination, with odds of three to one in favor of the fair sex, that is responsible for the screen drama of mystery and romance that is to be presented at the Liberty Theatre, Monday.

The title—"A Midnight Romance."
The star—Anita Stewart, who plays the role of Marie, a maid by day and a mysterious, bewildering Juliet by night.

The author—Marion Orth the feminine Conan Doyle among scenarists.

The director—Lois Weber, the woman whose genius has been responsible for several big screen successes and who knows human nature from the feminine viewpoint.

The financier—Louis B. Mayer, Boston film magnate, who is suggested by the suffrage party as a life member in tribute to his recognition of, and confidence in, the ability of women in the realm of motion picture art.

To The Ada Evening News:

I note that there is to be a vote on a bond issue and a special tax levy of 10 mills.

I cannot see why any one with the interest of the city of Ada, and the future of this nation at heart would vote against this proposition.

When we have an object lesson passing our doors every morning, in an army of convicts and guards going out to do time on our public highways, some of us think this is a very cheap way of getting roads built. I want to say right here these roads that these convicts build are the most costly highways that are built. Just think what it costs the tax payer to maintain the criminals of the United States.

I wish to submit here the latest statistics.

According to the latest available census there were in jails, reformatories and prisons of our land 591,285 inmates, besides 39,121 in juvenile institutions and 461,255 were paroled or discharged. The cost of crime in this country is six dollars per capita (\$6.00). Now if you care to apply these figures to the prevention of crime, you can see what a great work could be accomplished towards preventing crime. The old adage is one ounce of prevention is worth one pound of cure, or a ratio of 16-1.

Ignorance is the father of crime. It is up to the schools and churches to hold this government together as it has in all past history. There is no way that you can escape the proposition of paying, you either

will contribute to the maintenance of your churches and schools, or the government will assess you to take care of its criminals. Illiteracy is one of the great causes of crime. Hence vote for the bonds and 10 mills.

Yours respectfully,
H. B. ROACH.

Notice

There is a city ordinance against driving loose stock on the streets of Ada. There is considerable complaining against stock being driven too and from pastures and allowed to molest gardens and yards. Hereafter stock must be lead and not driven loose.

Violators if reported will be dealt with according to the ordinance.

DREADED FOR NIGHT TO COME, DECLARES CLARENCE MITCHELL

Unable to Sleep from Nervousness and Dyspepsia, He Walked the Floor for Hours.

HE THOUGHT HE
WOULD SMOTHER

"But Tanlac Has Made Me
Over and I Never Felt
Better Than Now" Says
U. S. Tire Company Man.

"I have taken only two bottles of Tanlac but already I have gained eight pounds in weight and am feeling as fine as I ever did in my life," was the statement made a few days ago by Clarence E. Mitchell, 27 Hinton St., Petersburg, Va. Mr. Mitchell is employed by the United States Tire Co. in Richmond and goes from Petersburg to Richmond and back every day.

"For something over a year I have been a constant sufferer from a severe case of indigestion. I never wanted to go to the table, not only because my appetite was nearly nothing but also because I knew what to expect afterwards. Why, as soon as I got up from the table I would begin to bloat up with gas and it pressed up into my chest and choked me up so bad I thought

I would smother. There was such a pressure around my heart that it palpitated terribly and I had a hard lump in my stomach all the time. Dizzy spells often came on me and every day I had to take a laxative as I was badly constipated. My nerves were all on edge so that any sudden noise made me jump and I was so restless I dreaded for bedtime to come for I would rather stay up and walk the floor than go to bed and lie there for hours unable to sleep a wink. Every morning I always had a sour taste in my mouth and felt so weak and sluggish it was a job for me to get around at all.

"But I don't feel that way now for Tanlac has made me all over again and I am feeling better than I have in years, in fact, I don't know when I ever felt better. Eat, why, everything tastes so good that my biggest trouble is trying to satisfy my appetite, and I am not troubled with palpitation, gas or bloating any more. I don't have to take laxatives now for I am entirely relieved of constipation and the bad taste in my mouth has gone. My nerves have steadied down so that now I sleep ten solid hours every night and when morning comes I am ready for a hard day's work. My wife has also taken Tanlac and it has helped her just as much as it has me and she joins me in praising it."

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

SOUTH AMERICA GREAT FOR SPORTS

By the Associated Press

NEW YORK, May 8.—With the probability of teams representing some of the South American republics being sent to compete in this year's Olympic games at Antwerp, Belgium, the growing interest in track and field athletics in South America was considerably stimulated on April 23, 24 and 25 when teams from Chile, Uruguay and Argentina met at Santiago, Chile, in

what is known there as the South American Olympic games. The Chileans won by a total score of 61 points against 43 for Uruguay and 20 for Argentina.

While they were not strictly Olympic games, inasmuch as the first international contest of this kind was held last year between Uruguay and Chile and it is planned to hold the contests annually, they have been so designated by the newspapers as they correspond, in character, to the four year international Olympiads that are held in the northern hemisphere of Europe.

The initial South American international track contest in April, 1919, was held at Montevideo and resulted in a victory for Chile by a score of 64 points to 47. Argentina declined to enter the contest but this year her athletic organization decided to send a team.

While the records made last year do not approach in most instances those that have been scored at the international Olympiads or by North American club and college athletes, it must be borne in mind that track athletics in South America are practically in their infancy. The Latin American athletes have not yet had the advantage of the scientific training developed in the northern hemisphere. That the South American athletes are improving in their track form is shown, however, by the fact that new records were established in three events. The records, as they stood at the close of the games at Santiago, Chile, last month, are as follows:

Shot put (Chile).....37 ft. 6 1/2 in.

Javelin hurling (Chile) 150 ft. 7 1/2 in.
200 meter hurdles (Chile) 26 1/2 seconds.
Standing high jump (Uruguay) 4 ft. 7 1-8 in.
800 meter run (Uruguay) 2 minutes, 4 4-5 seconds.
400 meter hurdles (Chile) 59 1-5 seconds.
Hammer throw (Uruguay) 106 ft. 9 in.
1,500 kilometer run (Chile) 4 minutes 29 2-5 seconds.
400 meter dash (Chile) 52 2-5 seconds.
Pole vault (Chile) 10 ft. 6 in.
110 meter hurdle (Chile) 17 seconds.
10,000 meter run (Uruguay) 33 minutes 57 seconds.
Discus throw (Chile) 116 ft. 9 in.
1,600 meter relay (4 men teams, Chile) 3 minutes 39 seconds.
200 meter dash (Uruguay) 22 2-5 seconds.
100 meter dash (Chile) 10 4-5 seconds.

THE MISERY OF BACKACHE

Removed by Lydia E. Pinkham's Vegetable Compound.

Muskegon, Mich.—"For six years I was so weak in my back at times that I could hardly walk. Lydia E. Pinkham's Vegetable Compound was recommended to me and it made me good and strong again so that I am able to do all my work. I highly recommend your medicine and tell everyone I meet what it did for me."

—Mrs. G. Schoonveld, 72 Oak St., Muskegon, Mich.

Woman's Precious Gift

The one which she should most zealously guard is her health, but she often neglects to do so in season until some ailment peculiar to her sex has fastened itself upon her. When so affected women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

WOMEN FROM THIS STATE TO ATTEND FRISCO SESSIONS

OKLAHOMA CITY, May 8.—(Special) Increasing interest among women in Oklahoma in politics is seen by Mrs. C. R. Phelps, who has charge of booking reservations for the special train on which the Oklahoma delegation to the National Democratic Convention will travel to San Francisco June 28th.

"Women from all sections of Oklahoma are sending in orders for reservations daily," Mrs. Phelps said today. "Each order is accompanied by a check or cash which indicates that the women mean business. They are going to the National Convention to study party tactics—not one of the women has asked for stop-over privileges or inquired regarding the opportunities for visiting scenic wonders of the west."

Among the women who have made reservations for the trip, exclusive of women delegates, are: Mrs. Geo. L. Bowman, of Kingfisher; Mrs. Chas. R. Freeman, Checotah; Mrs. W. I. Cook, Checotah; Mrs. Tom L. Wade, Marlow; Mrs. Ben F. Lafayette, Checotah; Mrs. Theo Stockdale, Mrs. Belle Head and Mrs. J. N. Schworke of Oklahoma City, and Mrs. R. L. Fite of Tahlequah.

Mrs. Fred Fleming, of Muskogee, a woman delegate, has asked for a diagram of a special car. She promises to fill the car with Muskogee women who wish to attend the convention, according to Mrs. Phelps.

The special train will be made up of eight Pullman cars; diner, buffet and baggage cars. It will leave Oklahoma City at 7:30 o'clock in the evening of June 20th. A one day stop will be made at the Grand Canyon of Arizona, arriving in San Francisco the morning of June 24th. A special representative of the Santa Fe Ry. will travel with the delegation to supervise the accommodations for the party.

PORTO RICAN ALLAYS FEARS OF MONROE DOCTRINE

By the Associated Press
BUENOS AIRES, May 8.—Martin Travieso, member of the Porto Rican senate, and who has temporarily served as governor of that island, has been making a tour of South America and endeavoring to allay suspicions of Latin-Americans concerning the Monroe doctrine.

Senator Travieso appealed to Americans in South America, in an address before the American Club here, to use their best efforts to prove to citizens of South American countries that the Monroe doctrine was not an expression of an imperialistic policy on the part of the United States.

Mr. Travieso said that the conduct of the United States toward Cuba and Porto Rico were examples that could be cited to show that the United States had no imperialistic aims.

Speaking as a Latin-American, he declared that it was very important to allay the unfounded suspicions of many Latin-Americans that the motives of the United States in maintaining the Monroe doctrine were not to protect Latin-American countries from European interference, but rather to obtain political control of them which would be to the benefit of the United States commercially. He declared that his country was not only far more independent than any of the states of the union but was virtually an independent state as far as the administration of its own affairs were concerned.

"Perhaps in the future," he said, "the United States may constitute us into a sovereign people, but that is a problem which will have to be solved by future generations. We enjoy today all the rights and liberties of the freest people of the world and we have no reason for complaint or protest in our present situation."

JUDGE POLLOCK TO INVESTIGATE FOOD PROFITEERS

OKLAHOMA CITY, Okla., May 8.—Cases of alleged violations of the federal grand jury which convened here today, according to announcement by Herbert M. Peck, United States district attorney. The jury was to meet in the federal district court room with Judge John C. Pollock of the Kansas district on the bench.

Complaints to be presented to the jury include alleged cases of profiteering in clothing, sugar and coal. Agents of the office of the state fair price commissioner have been active in investigating the sugar situation and it was said any material gathered would be placed at the disposal of the district attorney. Criminal cases now pending will come before Judge Pollock in federal district court tomorrow, either to be heard or to be set for hearing.

Steel League Opens Season.

By the Associated Press
PHILADELPHIA, May 8.—The Bethlehem Steel baseball league opened its season last week. Two games will be played each Saturday until September 18. Bethlehem, Steelton, Sparrows Point (near Baltimore) and Lebanon will make up the circuit.

Well known and capable men of long experience have been selected as managers. They are Thomas K. Keady, Bethlehem; Harry Aubrey, Sparrows Point; Earl Potteiger, Lebanon, and Cockill, Steelton.

Players who are almost on a par with the major leagues have signed contracts. Among them are "Jingling" Johnson, pitcher; Lefty Baumgartner, pitcher; Whelan of the Boston Red Sox, first baseman; Corcoran, formerly of the Detroit Tigers, second baseman, and Pep Young, formerly of the Philadelphia Nationals, first baseman.

Bridge Luncheon.
Mrs. O. A. Bayless gave a beautiful bridge luncheon Wednesday at her home on S. Townsend at one o'clock the hostess directed her guests into the dining room which was prettily decorated in pink honey suckle and roses. A bounteous four course luncheon was then served. The hostess was assisted by Mrs. A. W. Parker and Mr. C. J. Warren. After the luncheon the guests enjoyed a couple of hours playing bridge. They did not progress but remained at the same table during the games. The one

getting high score at each table was given a prize. Mesdames Lewis, Wells, and Rodarmel were the fortunate ones. More merriment was heard during the afternoon than in many a day and none hesitated to tell their hostess what a delightful time spent.

Those present were. Mesdames Wells, I. M. King, Simpson, Lewis, Clouton, Bird, Alderson, Chaney, Trippett, Rodarmel, Case, Cain, Parker and Warren.

Monday Luncheon Club.
Mrs. L. P. Boone was hostess to the members of the Monday Luncheon Club at the home of her sister Mrs. Percy Barton, 530 W. 1st. After many enjoyable games at bridge the hostess assisted by Mrs. Mays served a delicious two course luncheon.

Miss Spooner made high score and received the club prize.

Friday Bridge Club.
Mrs. Arthur Marshall was hostess to the Friday bridge club at her home at 116 E. 17th street. Mrs. M. F. Manville made high score and received the club prize. Mrs. T. B. Blake Jr., will be hostess May 21st.

The Delphian Club will meet at Harris Hotel parlors Tuesday afternoon at 3 o'clock. Required reading pages 41-56 62-70 Vol. 3.

Mrs. Colbert arrived today from Ardmore to visit her parents, Mr. and Mrs. F. C. Sims.

WM. FARNUM HAS DUAL ROLE IN BIG FEATURE

A great treat doubtless is in store for lovers of Dickens at the American Theatre on Monday when William Farnum will present his super-production "A Tale of Two Cities". None of the many novels written by the famous English author has had the hold upon the American people achieved by this thrilling story of the French Revolution.

Equally important with the announcement of the picture is the news that William Farnum assumes the dual role of Sidney Carton and Charles Darnay—a task that tests and proves the intense dramatic powers of this favorite of the screen.

The many passages of Dickens' book surcharged with emotion should enable Mr. Farnum to display his abilities to a marked degree, and a photoplay of record-breaking impressiveness is promised by William Fox.

A cast of unusual excellence supports Mr. Farnum, among its members being Jewel Carmen, Charles Clary, Herschel Mayall, Rosita Marstini, Josef Swickard, Marc Robbins and Olive White.

Stolen Horse Is Found On Highway By Passing Farmer

A. J. Rose, who lives on Route 3 out of Ada, had his horse stolen in Ada last night. He was attending the street carnival last night and when he went to get his horse to ride back home, the horse was gone. He reported his loss to the officers and they were making inquiries this morning when the horse was brought into town by R. L. Driver. He was on his way to Ada and found the horse on the Francis road about two miles out of Ada. Someone probably didn't like the idea of walking home last night and borrowed the first horse he could find and having ridden near home turned the horse loose on the highway.

ANCIENT RELICS FOR PENNSY. UNIVERSITY

By the Associated Press
PHILADELPHIA, May 8.—Gold ornaments, idols, crowns, armor and other relics of great historic value which date from the civilizations of the Incas, Aztecs and other Mexican and Central and South American peoples are contained in a collection of 300 specimens recently placed on view for the first time in the museum of the University of Pennsylvania.

The exhibit was only brought to its present completeness by the purchase of objects which had been in possession of a noble French family for generations, but which were sold at Paris because the family was impoverished.

Gold was used by the Aztecs and Incas only for ornaments, religious emblems and attire. These objects,

shipped to Spain by Pizarro, Cortez and others in the 16th and 17th centuries were melted and coined. This explains the rarity of the original golden objects.

A grave recently opened in Colombia proved a rich trove of them. It was apparently the burying place of a princess. Enough golden ornaments were discovered completely to clothe a modern woman for her appearance in a ball room. There were, besides a crown, a breast plate, girdle, armlets and various other appendages, aside from a great quantity of jewels. Rings and necklaces of amazing beauty are among the objects.

ROBBERIES INCREASE IN CITY OF BERLIN

By the Associated Press
BERLIN, May 8.—In these disturbed days, when the "revolution profiteer"—the successor of the war profiteer—flaunts his newly acquired wealth in the face of an impoverished populace, robberies and

burglaries in Berlin increase at an abnormal pace. Street signs are full of announcements offering rewards for the return of stolen goods, and in one of the main business streets of Berlin a fancy goods store displays this notice:

"Gentlemen burglars are requested not to break open the shop front nor to tamper with the locks. There is nothing to steal here. All property is removed from the shop windows at night."

There have been scores of hold-ups, and the other day a man was stripped of his clothes, shoes and hat and left on the sidewalk in his underclothes.

It is not safe for hotel guests to leave any portable property of any description in their rooms. Articles of clothing have a way of vanishing into thin air, and hotel proprietors decline all responsibility. Police statistics that the number of hotel robberies has trebled within the last five years.

To leave typewriters unpadlocked is sheer culpable negligence on the part of the owner. The Berlin crim-

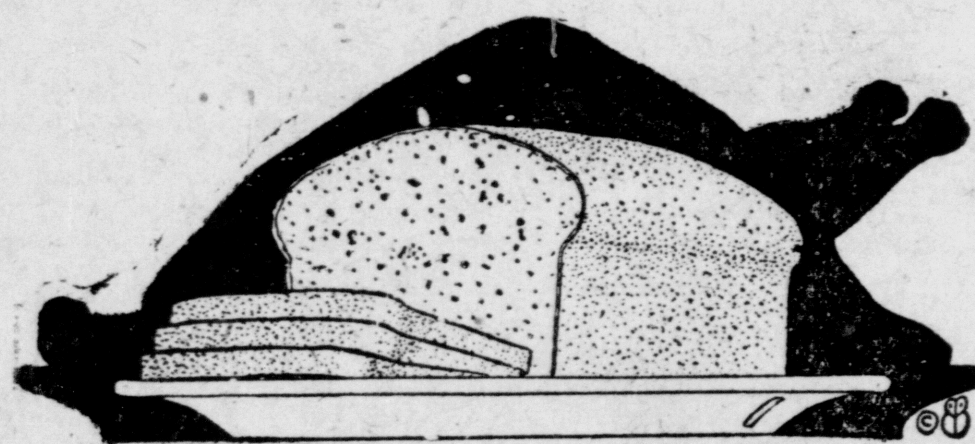

inal police has been obliged to organize a special department dealing exclusively with stolen machines. Cases of housebreaking have quadrupled within the last three years. Articles of clothing, bed clothes, carpets and curtains are the objects most desired by the thieving fraternity.

Dishonesty among factory hands has grown to a deplorable extent, the police say. Leather belting disappears wholesale; it is cut up and sold to shoe repairers.

Nor are churches, cemeteries and museums immune from robberies, the booty carried off being mostly ancient gold ornaments and jewelry.

Hoover on Sugar Shortage.

WASHINGTON, May 8.—Rationing of sugar manufacturing of non-essentials and an agreement between the United States and foreigners not to bid against each other for this commodity, were suggested today by Herbert Hoover as means of relieving the sugar situation.
